

WALL ST DAIRY

10th ANNIVERSARY SALE

Saturday, October 21, 2017

11:00 AM • Mayville, NY

Thanks for attending our sale today. This anniversary sale has been in the works for ten years since we first established our herd.

We have focused over the years on breeding high-type, high-producing cattle with unsurpassed longevity, and we are proud of what we are offering today. We are selling the absolute top of the herd, and as a friend reminded us, *"if it doesn't hurt to sell the ones you are offering, then you aren't selling the right ones."* **Let me assure you that we are in great pain right now.**

We were fortunate to begin our Holstein herd and Red & White herd with the renowned Spring-Fed herd from Sullivan County, NY. We are indebted to Nelson and Susie Hector for selling this fine herd to us, and to past executive secretary of the NY Holstein Association, Patsy Gifford, who introduced us to the Hectors and helped facilitate the deal.

Five years ago, we were blessed to have Greg Wolcott, his wife Kathy and their family join our team as farm manager. Greg is a fellow Cornell graduate and helped take our herd to the next level. Greg's sister, Kristen, then joined us and has helped dramatically improve calf care, record keeping and many other essential farm tasks. Some of the animals selling today are the 4-H projects of the Wolcott children, including the colored breeds, and proceeds will be used to help pay for their upcoming college education.

I would also like to acknowledge my nephew, Todd Winton Jr., his wife Missy and their children and my brother, Scott, for the superb job that they have done in caring for our older heifers and dry cows. We wish Toby and Missy well as they begin milking their own herd, Centralia Holsteins, following our sale.

We would also like to thank Michael McCaffrey, editor of the *NY Holstein News* and genetics expert for helping us to promote our herd over the years, recommend potential matings and serve as our sounding board. We are indebted to Michael for everything that he has done to help us prepare for this sale.

I would like to thank my business partner, Jim Modica, the other employees of Wall Street Dairy, past customers, our external partners including Upstate Niagara Co-op and our veterinarians, foot trimmer, nutritionists, DHIA tester, AI technicians, fellow local dairyman, neighbors and friends...the list goes on and on. We are also indebted to Dave Rama, Daniel Brandt and the entire Cattle Exchange crew.

Last but certainly not least, I would like to thank God and my mother, Elaine Winton, the wife of a life-long dairy farmer for her love, her encouragement and her wisdom throughout my life.

We are excited about the next ten years, and even though the barns won't be nearly as full this winter as they have been recently, we have several babies due come spring in our ET program that will help us to begin replenishing the herd.

Again, thanks very much for being here today. We truly appreciate your presence and support.

Warm regards,

Jeff Winton

HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, and March 26, 2010

TERMS: The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

RESPONSIBILITY: The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

RISK: All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.
- 3) **Breeding Warranty**
The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:
 - a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:
 1. Cows over 7 years of age when sold;
 2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

SHIPPING: Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

EMBRYO TRANSFER: All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

HEALTH WARRANTY: The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

ACCIDENT: The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

LIMITATIONS OF WARRANTIES: Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.

MAKING YOUR MARKETING EASY

Reasons to Advertise in the *HolsteinWorld Exclusive*

- Advertising Creates Traffic
- Advertising Attracts New Customers
- Advertising Encourages Repeat Business
- Advertising Generates Continuous Business
- Advertising is an Investment in Success
- Advertising keeps you in the Competitive Race
- Advertising keeps you Top-Of-Mind with Breeders
- Advertising gives your Farm a Successful Image
- Advertising Maintains Morale
- Advertising Brings in Big Bucks!

"We recognize that *HolsteinWorld Exclusive* is THE traditional publication for the breed and that many people look for it to hit their mailbox, particularly in certain parts of the country. Our association with HW to help us market our genetics is a valued relationship and we rely on that circulation to gain visibility. Though digital traffic is high we still aim to reach those who prefer a high quality hard copy in their hands!"

-Ethan Heinzmann, Golden Oaks Farm
