*All announcements said Sale Day take precedence over printed material in catalog.*

The Madson Family welcomes you to take a look at our Registered Holstein and Jersey herd and would be honored to have you join us on the farm the day of our dispersal. We have come to the point in our life where we would like to slow down some and do a little traveling and most of all enjoy our 5 children and 11 grand-children more. We are thankful for the years on the farm while raising our children. From showing cattle at the county fair and the children bringing home many trophies over the years. To hosting a baby shower and wedding on the farm. It was some of the best days of our lives and the best way to raise a family. Its been a blessing for us all! Hopefully our grand-children will be taking with them some memories to cherish as well, as our operation comes to an end.

Our Dairy farm has been in the family for 3 generations. Beginning with grandparents Leonard & Esther Schmolinske. Mark has worked on his parents Russell & Natalie Madson's farm all his life since the age of nine and later managed it with them until their retirement in 2000. Along with managing their farm for a number of years he also custom raised heifers for 15 years at the same time. In 2004 we decided to get back into the dairy business and at that time we purchased the farm from them. We then set out and purchased about 30 Holsteins and a handful of Jerseys to start with. The herd grew larger and with that came much hard work and new construction, with new barns and milking parlor being added along the way.

We have taken pride in our farm and are proud of our mostly all home-bred cow families we have bred over the years. Our cows are not pushed for extreme production but fed for healthy cows, good components and quality milk. Our feeding program consists of mainly corn silage and grass hay and we have never used BST. In the last several years we have been selling 50-60 cows per year to other dairymen where many have gone on to score well and make big records.

We appreciate you taking the time, thank you for your interest in our herd and hope you enjoy working with our cattle as much as we have! We trust that they will be healthy and profitable additions to your herd and wish you the best of luck with all your purchases.

Mark & Cindy Madson and Family

\*\*\*\*\*

*In closing on this bitter-sweet day we would like to thank the dedicated employees that we have had over the years.*

*And most of all to our children and grand-children...*

*Daughter: Misty & Dan and their daughters Macy and MarKee.*

*Son: Travis Madson and his children Cheyenne, Colton and Cassielle*

*Son: Brandon & Missy and their sons Preston and Brayden*

*Daughter: Kristi & Joe and their children Blake, Sonny, Bentley and Shelby*

*Son: Brian*

*We are very blessed to have had each of you there working alongside of us on the farm over the years. You all had a huge part in helping making it a success and we are forever grateful.*

*We couldn't have done it without every one of you!*

*It may be the end of the farm but treasure the memories for they will live on forever!*

*Love you more...than you'll ever know!*

AND ON THE 8th DAY  
 God looked down on  
 HIS PLANNED PARADISE  
 — AND SAID —  
 "I need a caretaker"  
 SO  
 GOD made a **FARMER**  
 — Paul Harvey

# HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, and March 26, 2010

**TERMS:** The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

**RESPONSIBILITY:** The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

**EXPORT SALES:** Buyer assumes all responsibility for health tests required by the importing country.

**BIDS:** The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

**BY-BIDDING:** Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

**TRANSFER OF OWNERSHIP:** For all Registered Holsteins<sup>SM</sup>, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

**RISK:** All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

## WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.
- 3) **Breeding Warranty**  
The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:
  - a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:

1. Cows over 7 years of age when sold;
2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

**SHIPPING:** Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

**PEDIGREE INFORMATION:** All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

**GENOMIC INFORMATION:** If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

**EMBRYO TRANSFER:** All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

**HEALTH WARRANTY:** The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

**ERRORS:** The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

**ACCIDENT:** The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

\*Pedigrees and other information in this book are compiled and printed with extreme care by Taylor Made Designs.

Taylor Made Designs assumes no liability for any errors or omissions.
