

# *Autumn Opportunity*

*Thursday, September 6, 2018 ... 11:00 AM*

*Hosted By...*

## Welcome to SwissLane!

Thank you so much for coming to our first ever on-farm auction. Our desire is for you to enjoy a day of hospitality as well as commercial and breeder offerings.

SwissLane Dairy Farms is a fourth-generation operation established in 1915 in Alto, MI. The work team includes 57 employees. Within a two-mile radius there are 34 members of the family (13 of which work at the farm). The farm was Environmentally (MAEAP) Verified in 2007 and offers farm tours to the public through Dairy Discovery, a nonprofit program. In 2011, the business expanded to add 8 Automatic Milking Systems (robots) that milk an additional 500 cows. We've recently added our Elite Genetics program and the Specialty Shop, an on-farm retail offering beef, syrup, eggs, and other items. The herd total is 2,100 milking cows, 1,750 Replacement Heifers, and 4,800 cropping acres. The Core Values of the Business are: God Honoring Conduct, Focus on the Cows, Light-years Ahead, Turning A Nickel into A Dime, Make Hay While the Sun Shines.

Today you are joining us in our mission to: "Improve the genetic potential of the dairy industry's future generations by providing embryos and breeding stock that are focused on net merit and dairy wellness traits." Whether it's donors, IVE, embryos, or replacement heifers; we have broad offerings because we want to be your preferred place for innovation in genetics!

We are so happy you're here ~

The Oesch Family on behalf of  
SWISSLANE FARMS Team

# Autumn Opportunity

## Autumn Opportunity Sale

Thursday, September 6, 2018 • 11:00 am EST

Swisslane Farms • Alto, MI

### Directions

GPS Address: 12877 84th SE, Alto, MI 49302

I-96 to Exit 52 South to 84th Street, turn left on 84th Street, continue approximately one mile to farm. Sale held on south side of the road, watch for sale signage.

# *Terms and Conditions*

## **LIVE CATTLE**

The terms of the sale are Cash or Check at the conclusion of the sale. Term payments maybe available on specific lots in the sale. Potential buyers must be approved by Sellers prior to the sale.

## **CATTLE SELLING ABSENTIA**

Full payment is due sale day for all cattle selling in absentia. Cattle are guaranteed to be healthy and able to be listed on interstate health chart. The buyer assumes ownership along with all responsibility and liability for purchases when the auctioneer declares the lot sold to high bidder. The buyer is responsible for full payment to auctioneer prior to the release of any cattle selling absentia. The seller will provide interstate health chart at the request of the buyer. The buyer is responsible for making all trucking arrangements. The buyer is responsible for applicable board fees at location of purchase as follows:

- Less than 60 days old on sale date: No charge until 61 days of age
- More than 60 days old: Applicable charges begin 1/1/2018.

Sale management highly recommends buyers insure all animals at the time of purchase.

## **ET CHOICES**

- 35% Down Payment on Sale Day and 65% upon selection at no later than 4 months of age on youngest calf born.
- Health testing and Holstein USA registration and transfer are the responsibility of the seller; trucking is the responsibility of the buyer.
- Seller is entitled to \$3.00 per day board after 5 months of age, based on the age of the youngest calf born in the group from which selection is to be made.
- Should a male or female chosen from a respective flush fail to meet breeding guarantees, or should for any reason a male or female not result from a respective flush, the following steps will be taken to fulfill purchase agreement:
  1. Seller will offer choice of remaining ETs from respective flush.
  2. Seller will offer a choice of another flush already implanted or choice of a future, mutually suit able to both buyer and seller. In this case of future flush, the buyer will not be charged interest.
  3. If no pregnancies can be made available to the buyer, as in the sale or death of donor, or the donor's inability to produce embryos; the seller shall provide the buyer with a good, healthy, acceptable calf from another cow or equal or greater value as determined by CanAm Sales Management

Sale management is not responsible for any commission refunds or adjustments.

## **TRUCKING**

Assistance will be provided to secure trucking for your purchases after settlement has been made on sale with clerk and cattle have been released. However, trucking is the sole responsibility of the buyer. Cattle are tested for immediate interstate shipment. A veterinarian will be onsite to write health papers. It is the responsibility of the buyer or agent to work with veterinarian to secure proper health papers for interstate shipment. Cattle responsibility of buyer after struck off. Fitting crew will care for cattle until 5 p.m. sale day.

## **CATTLE FOR EXPORT TO CANADA**

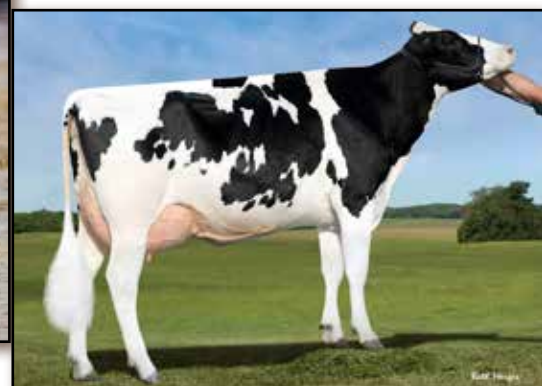

Any cattle sold for export to Canada will require 100% payment at the time of sale. Buyer will assume ALL liability for purchases. Sale management strongly encourages export buyers to insure cattle. It is up to prospective Canadian buyers to know what health tests are required for export to Canada and check with sale management to insure prospective purchases qualify for export. Cattle will be housed for \$4.00 per day at Ru-Barb Farms, plus any testing and transportation expenses.

## **INSURANCE**

Each individual consignment is at the sold risk of the seller until sold and at the sole risk of the buyer when struck off by auctioneer. After struck off, the consignment is at the sole risk of the buyer. Insurance is available to the seller prior to the sale and is available to buyer after the sale. Sale management and sale sponsors encourage everyone to insure consignments and purchases. Any purchases made on terms, insurance is required the day of the sale on the unpaid balance with seller listed as loss payee.

# HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, and March 26, 2010

**TERMS:** The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

**RESPONSIBILITY:** The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

**EXPORT SALES:** Buyer assumes all responsibility for health tests required by the importing country.

**BIDS:** The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

**BY-BIDDING:** Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

**TRANSFER OF OWNERSHIP:** For all Registered Holsteins<sup>SM</sup>, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

**RISK:** All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

## WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.

## 3) Breeding Warranty

The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

- a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:

1. Cows over 7 years of age when sold;
2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

**SHIPPING:** Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

**PEDIGREE INFORMATION:** All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

**GENOMIC INFORMATION:** If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

**EMBRYO TRANSFER:** All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

**HEALTH WARRANTY:** The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

**ERRORS:** The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

**ACCIDENT:** The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

**LIMITATIONS OF WARRANTIES:** Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.

# CHOOSE A HEALTHIER, MORE PROFITABLE HERD.

**YOUR HEIFER CALVES ARE YOUR LEGACY. PREDICT HOW HEALTHY THEY AND THEIR NEXT GENERATIONS WILL BE BY PROACTIVELY TESTING THEM WITH CLARIFIDE® PLUS.**

CLARIFIDE® Plus provides unique genomic predictions for calf livability, respiratory disease and scours, plus mastitis, lameness, metritis and three additional cow wellness traits. And with a powerful economic index — the Dairy Wellness Profit Index® (DWP\$®) — producers have the unprecedented ability to choose and plan for a healthier and more profitable herd from calves to cows.

To learn how CLARIFIDE Plus can help make your life easier by selecting heifers to help build a healthier herd, contact your Zoetis representative or visit [CLARIFIDEPlus.com](http://CLARIFIDEPlus.com).
