

UPDATES • Party at the Park Sale
Friday, June 7th, 2013 • Beyond the Ivy

POLLED LIABILITY DISCLAIMER: Any polled results printed in the catalog and/or pre sale update sheet, or by announcement at the sale, were provided to sale management by the respective seller, Holstein USA, or Holstein Canada. Sale management, Butler Fellers Auctions Inc, assumes no responsibility or liability regarding the accuracy of these tests or accuracy of the seller's visual observation of an individual animal's polled status. Any disputes regarding the accuracy of printed or announced polled information is strictly between buyer and seller!

- *PO – Observed Polled
- *PC – Tested heterozygous Polled
- *PP - Tested homozygous Polled
- *TP – Tested free of the polled condition (horned)

All live lots sold in absentia sell buyer satisfaction guaranteed by seller to be healthy, sound, well grown, and with reasonably correct confirmation. If a respective lot is not 100%, for example below average size or with frozen ears, it is seller's responsibility to notify sale management of these details prior to the sale for update and announcement purposes.

It is the buyer's responsibility to contact seller after the sale and personally inspect purchases prior to trucking or do so through buyer's trucker or authorized agent. This should be done in a timely fashion, within 7-14 days of the sale, and buyer should contact Joe Price, trucking coordinator, for assistance if necessary.

- Lot 1 The #2 GTPI Female in the World +2681 GTPI / +3321 DLPI / +3436DGV. From the same family as the #3 GTPI Bull in the Breed, Larcrest Clayton, ET, +2584 GTPI!! Dam now VG-87-2Y! Last Test Milking 140lbs. (6-5-13). 1st 2 tests 98lbs. & 116lbs. This might be the most popular heifer ever to sell at public auction! It is our opinion that she is the most valuable heifer in the world. Current #2 GTPI heifer in the world. Her Observer dam just scored VG 87 w/87 mammary system as a 2 yr old. Having one of the greatest sire stacks you can imagine, greatest cow families and astronomical numbers leaves the opportunities endless! +2681 GTPI, +949 NMS, and +3.96 Type! Hitting an Extreme bull from this family could light the world on fire!!! Should be ready to IVF in the next month or 2.
- Lot 2 Maternal Sister to Lot 1 with extreme traits as well! The current #3 GTPI Heifer in the World! From the same family as the #3 GTPI Bull in the Breed, Larcrest Clayton, ET, +2584 GTPI!! Dam now VG-87-2Y! Last Test Milking 140lbs. (6-5-13). 1st 2 tests 98lbs. & 116lbs. Great cow family and great numbers leaves again for endless opportunities! +2649 GTPI, +2363 Milk, +111F, +81P, and +3.56 Type = Rockstar!!!
- Lot 3 A Mogul x Crimson holds worldwide appeal! Almost ready to IVF, +2559 GTPI, 894NMS, and +3.50 Type! This heifer has No Planet, Oman or Goldwyn in her pedigree. She ranks among the highest outcross heifers in the world and comes from the Cosmopolitan's!!! Should be ready to IVF in the next month or 2. One of top 10 heifers in the world when you consider that she is right out of Crimson. From the same family as the #3 GTPI Bull in the Breed, Larcrest Clayton, ET, +2584 GTPI!!
- Lot 4 RED sister to Apple and she is one of the highest GTPI Red Heifers in the World. +2262 GTPI, +2720 GLPI & +2776 DGV. An Awesome opportunity; she sells as a package with the Males, Females and pregnancies listed below:
1 – Chevrolet implanted on May 15th (not yet confirmed preg or not)
1 - Cashcoin implanted on May 29th (not yet confirmed preg or not)
2 – Female & 1 – Male X Sympatico
2 – Female & 2 – Male X Supersire
2 – Female & 1 – Male X Colt 45
- Lot 5 A Supersire that is +2592 GTPI, +1930 Milk, +107 Fat, +59 Protein and +959NMS!!! Exotic comes from the famous Eroy family and they have proven themselves to make high GTPI calves! Great Genomics from a Great cow family = Worldwide appeal!
- Lot 6 A Numero Uno from the Great Lila Z cow family! A Unique heifer being a Uno x Snowman x Planet x Shottle x Lila Z! Incredible sire stack that is +2548 GTPI, +2056 Milk, +94 Fat, +70 Protein, and +927NMS!!! Unlimited Potential in this lot! This lot has a lot more power than just her +2548 GTPI = Buy of the Sale!

Lot 7 The #1 GTPI heifer from the May 2013 Genomic Run! The Rudolph Missy family has dominated the genomic charts month after month and here could be the next great one! +2553 GTPI, 7.1 PL, +1.9 DPR, and +950NM\$ leaves you with solid numbers across the board! Extreme health traits make this heifer unique among heifers over +2500 GTPI!

Lot 8 A Numero Uno from an outcross pedigree! +2522 GTPI from a Dorcy x Ramos x Boliver x Zack is going to be as different as you can find them! Being outcross and from a different cow family is going to be a valuable tool in the future! Email jlarrabee@wildblue.net if you are interested in seeing a short video of Lot 8. Dam Now VG-86 with RIP 2-00 2x 257d 21,970 4.5% 983 3.2% 707 (Inc). Bred back and will be IVF'd a few times. Built to last with great components and special sire stack. Min. Starting Bid \$75,000. Dam's new photo below:

Lot 9 A Supersire with extreme production! Production is what pays the bills in the world of dairy and this heifer has it! +2628 Milk, 101 Fat, 80 Protein, and +2523 GTPI gives this heifer power in the market place! Min. Starting Bid \$60,000, Butler-Fellers MUST receive payment by 6-10-13
