Complete Jersey Herd Dispersal  
Friday, October 12, 2018 11:00 am  
40852 Thames Rd East, Exeter, ON

## IN THE BEGINNING....

We brought our passion for jersey cows together in 1987 when we started our own Jersey story. Our enthusiasm had been ignited though our involvement with our families' herds of Huronia and Willow Creek. Paul says with the Christmas dinner table being surrounded by the jersey breeder brothers-in-law, (Armstrong, Honderich & McCaig) "there really was no other breed to consider."

We started our pursuit of our geneSis. The goal was to gather bloodlines from brood cows with a balance of type and production. Some opportunities presented themselves by means of damaged cows requiring

some extra patience. Our quest led us to Bernie Wick of Swissbell. We had watched the successes of his Virginia family across other herds and were determined to include her genetics in our geneSis. The initial milking of our herd included Swissbell F Veronica, great grandam of this breed's reigning queen, Veronica.

Due to the family's longevity our herd now consists of 50% Virginia's. We continued to seek out proven cow families to add to our geneSis. Duncan Belle, Rexlea Performing Hostess, Glenamore Gold Prize, Valleystream Silver B Jo, Norval Acres, Rock Ella, Huronia, Willow Creek, Spruce Avenue and the list goes on.

This herd has not been bred specifically for milk or for the show ring, but for the profitable cow that can do it all. We get excited when others admire the same type of cows as we do and take great pride in watching our animals succeed for others!

Yes, each & every geneSis lot we offer, has a story, a purpose and a future. It is our desire for these genetics to meet and surpass your goals. We will watch them develop in your herds and therefore; we are excited for you to embrace this opportunity to make this YOUR genesis!

To All Prospective Buyers,

Paul and Virginia have spent their dairy careers building this herd of elite females. The sire stacks in many of the pedigrees leave animals that are efficient at producing milk and are very low maintenance health wise. The Warwicks have always paid close attention to detail for the transition cows and newborn calves. They ensure high health standards and protocols are followed for calves to be born with very low risk of disease transmission. Routine vaccination, deworming, hoof trimming and successful dry cow management have been important year in and year out. These animals are free-stall ready, easy to milk and offer a huge potential for a young dairy person to build their own cow families from.

We wish Paul and Virginia all the best in golf, home and office design and many great days in the shade with a cold brew!

**Reg Clinton along with all the Vets and staff at the KVC**

## ***“Our Virginias became Veronicas”***

In the beginning... in 1988, we assembled our initial herd. This genesis sent us in pursuit of a strong genetic foundation from cow families with a balance of type & production. We had watched the successes of the SWISSBELL VIRGINIA family across several herds and were determined to include her genetics in our geneSis. With strong admiration for Bernie Wick of Swissbell, we visited & agreed on

purchasing 5 cows. However; the day we picked up the group, Bernie was not there & neither was that 8 yr old, true brood cow we really wanted...It took some rather firm negotiations with our trailer in the Swissbell yard, but our very first milking of our herd included SWISSBELL F VERONICA EX-90. From here the story is in the history books...

F Veronica's daughter is GENESIS JUNO VIRGINIA EX-92 dam of GENESIS RENAISSANCE VIVIANNE VG-87, dam of the one & only HURONIA CENTURION VERONICA. Call her "Veronica", "V", "Queen V", "Greatest Jersey of all time".

In "connecting the dots to Veronica", this photo was taken at Arethusa Avonlea Summer Splash II. Pictured here is Ruth Armstrong, Huronia; George Melkemus, Arethusa, Marlies Wick Kaehli, Swissbell, Virginia Warwick, Genesis; & Fred Armstrong, Huronia.

The Wicks knew they had something special as this statement was included in a "Virginia Book" completed by Marlies Wick Kaehli of Swissbell Jerseys; and given to her father, Bernie as a Christmas gift in 1985; "VIRGINIA'S STORY WILL CONTINUE AS LONG AS THE JERSEY BREED CONTINUES. FOREVER."

Currently, our herd consists of 50% Virginia's and here they are!!

*Swissbell Virginia. DOB: Nov 5, 1966*

# "THE JESS FAMILY"

In the beginning... - we had moved to the permanent farm at Exeter and Paul was out looking for Perth-Huron sale consignments, made a stop at the highly respected VALLEYSTREAM herd near St Thomas. Gosh, he fell in love with that deep bodied cow in the dry cow pasture. No, she wasn't a sale consignment, John White had had some challenges with her last lactation. But Paul suggested a deal that day... The evening VALLEYSTREAM JUNO JESS calved at Valleystream, there was an urgent call to us, "come get 'er!" We picked her up the next day, she did not challenge us like she had challenged the Whites so she became a valuable brood cow for us! Her 10 month daughter GENESIS C TOPS MISS JESS EX-93 5E sold at the 1996 World Top Quality Jersey Sale for \$15,000! Went on to be Reserve Jr Champion World Dairy Expo 1996 & Jersey Canada Double Hall of Fame Winner 2002. Currently we have 27 descendants from Jess.

## **"THE DELCY FAMILY"**

In the beginning..... we acquired a good ol' flush cow from our brother-in-law Murray McCaig, Norval Acres Jerseys, Huntington PQ. NORVAL ACRES KING'S DELCY SUP EX E2 5 STAR BROOD COW 10TH generation Excellent. 10th GENERATION EXCELLENT!! That's breeding true in reality!!! King's Delcy flushed very successfully for us with 27 embryos....24 bulls and 3 heifer calves. Sad but true! Offspring from 2 of Delcy's daughters will be selling.

*Norval Acres King's Delcy*

A maternal great- granddaughter is GENESIS VELOCITY'S DALLAS, 1ST Sr 2 yr & HM intermediate champion 2016 New York Spring Show for Triple T Holsteins & Michael Heath. She sold for \$70,000 USD at the Rendezvous at River Valley 2016. KING'S DELCY is just one example of the bloodlines we handpicked to create our geneSis.

*Genesis Velocity's Dallas*

We offer 2 full sisters to DALLAS!

Genesis Vincent *Delcy* EX 92 USA  
Same Family as Lot 87

# "THE BELLES"

IN THE BEGINNING....- as a tribute to Virginia's late father Cameron Honderich, Willow Creek Jerseys in his breeder days and later Secretary Manager of the Canadian Jersey Cattle Club, we created the CAM Syndicate.

CAM members were Cameron's 3 children who bred Jerseys, Dave & Anne Honderich, Willow Creek Jerseys; Marilyn & Murray McCaig, Norval Acres Jerseys and Paul & Virginia Warwick of geneSis.  
His eldest daughter Kathryn married a vet & Patrick loved Jerseys!

So ROCK ELLA BROOK BELLE was purchased as a flush cow, the highest classified daughter, at that time of THE DUNCAN BELLE. Her daughter CAM SULTAN BELLA sold as a baby march calf in the 2005 World Conference sale for \$17,500. Pictured here is CAM IMPERIAL BELLE.  
Currently, we have 9 descendants.

## **"HALO & HER HIERS"**

*Rexlea Performing Hostess*

In the beginning.....We have always admired good cows, especially when they have deep pedigrees behind them with production as the claim to fame. So when a descendant of REXLEA PERFORMING HOSTESS EX-92 7E 11 LACT: 112,101M, 5,039F,4.50% 4,366P,3.89% 18 STAR BROOD COW, was offered on the auction block at Avonlea Summer Splash 2011; Paul was the last to bid. REXLEA ON TIME HALO was purchased that day as a calf and now is a thriving 8 yr old. Her daughter is GENESIS EXCITATION HANNAH EX-95 Reserve All Canadian 2017, Grand Champion & Reserve Supreme Champion Quebec Spring Show 2018 is owned by C. Desrosiers, J.& C. Sicard & P. Boulet. Selling is Hannah's daughter GENESIS INCENTIVE HARPER & Hannah's maternal sister; GENESIS VIVITAR HIGHNESS. Look out...we love 'em!

INTERBREED SUPREME CHAMP, DAIRY 2000, 1989

This pedigree is from the heart of the Vallestream herd. These cows put Vallestream on the map. They were Excellent cows in their own right, bred for longevity that were all time Canadian class leaders for production and type. These pedigrees sold at public auction for remarkable prices during a historic time. They were combining type with unprecedented production. They were setting new benchmarks for the Jersey world and continue to be a solid foundation for our breed.

# TERMS AND CONDITIONS OF SALE

## TERMS

Unless other arrangements have been made prior to sale day with the owner of sale managers, the terms call for cash or cheque settlement in Canadian Currency or acceptable equivalent, with the Clerk of the Sale before release will be given.

## BIDS

The highest bidder will be the buyer. In case of dispute, the animal will again be put up for advance bids. If there is no further bidding the animal will be sold to the person from whom the auctioneer accepted the last bid. No bidder will bid a sum less than the auctioneer nominates.

Every animal is pledged to absolute sale and by-bidding is prohibited, except to split a partnership on jointly owned animals when joint ownership is previously announced. The auctioneer may, without giving any reason therefore, refuse to accept the bidding of any person or persons. Every animal will be transferred to new ownership and may not be transferred back except at the discretion of the Association.

## RISK

All animals are at purchaser's risk as soon as struck down but will be cared for without charge for a reasonable time. Insurance, effective immediately for full purchase price can be obtained from the clerk if desired.

## ERRORS

Any error noted in the catalogue will be announced from the Auctioneer's stand. Any announcement from the Auctioneer's stand will take precedence over any matter in the catalog.

## CERTIFICATES

Each animal is recorded, or will be recorded, in the Herd Book of the Breed. This certificate of registration with recorded transfer to the new owner will be provided free of charge by the seller to the purchaser.

## SHIPPING

Assistance will be given in loading and shipping animals but no risk is assumed by either the Sellers or the sale manager.

## ACCIDENTS

Although every precaution will be exercised to protect the safety and comfort of guests, the Seller, auctioneers and sale managers will not be responsible for the condition of the grounds or behavior of the animals,

and disclaim any liability, legal or otherwise, in the event of personal accident or property loss.

## GENERAL

The sales manager is the Seller's agent and is not personally responsible for any warranties, guarantees or representations made bona fide in reliance upon information provided by the Seller. The Seller is responsible for all such warranties, guarantees and representations.

Complaints should be made to the Seller or sale manager before the close of the sale.

In all cases the Seller's responsibility to the buyer is limited to the sale price paid by the buyer.

## EXPORT

Unless otherwise announced from the Auctioneer's stand every animal in this catalogue is sold subject to the following export conditions:

(i) Purchaser must immediately after the sale notify the Sale Clerk that the animal concerned should be submitted to export tests and must specify the country concerned. If any other shipping agent is to act on his or her behalf such agent should be indicated at this time.

(ii) A DEPOSIT of 25% of the purchase price will be due and payable to the sale managers immediately at the close of the sale. Such deposit will be held until notified by the purchaser or his agent of the results of the required veterinary tests.

(iii) If the animal successfully passes all the required tests, the balance of purchase price plus any costs and expenses incurred for export testing and by mutual agreement, will be due and payable to the sale managers either by bank draft, cheque or letter of credit against shipping documents. If the animal fails any of the required tests, the purchaser is entitled to the refund of the above deposit less export test costs.

## WARRANTIES

(i) Clear title to each animal and right to sell same is guaranteed by each consignor, hereinafter referred to as the Seller.

(ii) Unless otherwise indicated in the catalog or announced from the Auctioneer's stand, each animal is sold as physically sound without noticeable blemish.

(iii) Females: Any female pregnant when sold or that has freshened within 90 days prior to the date of sale is by these facts considered a breeder. Should any other female not pregnant when sold fail to conceive within six months of sale date or, if less than 15 months old when sold by the time she reaches the age of 21 months the matter should be reported to the Seller in writing. The Seller will then have the privilege of 6 months time in which to prove the animal a breeder before refunding full purchase price.

Females bred when sold are presumed to be pregnant, but pregnancy is not guaranteed. The Seller makes no warranty that a female announced safe with calf will deliver a live calf or that she will carry her calf full term, nor is there any guarantee that the calf carried will not be mummified. Embryo transfer pregnancies are considered to be of the same status as natural Pregnancies. In no case will the Seller be responsible for more than the sale price of the animal concerned.

Udders of females sold will be carefully examined before the sale and any defect found will be announced.

(iv) Above warranties cease when the animal is disposed of by the original purchaser.

(v) Above warranties cease when a female is used for embryo transplant purposes either as donor or as receipt, whether surgically or non-surgically.

(vi) Transportation charges on all animals subject to adjustment will be for Buyers Account.

(iv) The animal is at purchaser's risk from the fall of the hammer. It will not be ownership transferred until export procedures commence after all tests have been passed successfully, necessary permits from importing country are available and full payment arrangements mutually agreed.

(v) The animal will be retained by the Seller until export procedures are completed. The purchaser, his agent, or the sale manager if requested to do so, will make the necessary arrangements for export tests as called for, which will be for Buyer's account as soon as circumstances permit. Neither the seller nor the sale manager assume any risk but will provide reasonable care, feed and management at no charge, for a reasonable time. Insurance as required is for Buyers account and responsibility.

(vi) If the animal has not been removed from the Seller's premises within SIX MONTHS from the date of sale (except due to failure of tests or mutual agreement in writing, Seller will be entitled to treat the sale as null and void unless he receives full payment immediately from the purchaser or his agent and arrangements for immediate pick-up are made.

## SPECIAL

Terms other than the standard cash or cheque may be discussed by prospective special bidders with consignors who have sole discretion on any credit arrangements. This must be done well in advance of the sale. The consignor and purchaser must report any credit arrangements to the desk before leaving the sale. Members of syndicates or jointly owned animals reserve the right to bid on their consignments as individuals.

## NOTICE

You are respectfully requested to read the above terms and conditions of this sale which constitute a legal contract between the Seller and the Buyer of each lot, mutually binding in the event of any dispute.

The pedigrees in this catalogue are prepared by Jersey Canada using the most recent information available. Although they are checked carefully, the Association cannot guarantee against errors and omissions.
