### Live Bidding

During the "Live Bid" registered bidders may place multiple bids on the same lot using their assigned bidder number. High bids will be posted every 15 min on the FAB website. If multiple bids of equal value are received, first in time will be the highest bid. Highest bids at the end of live bidding will be given "Provisional High Bid" status.

### Last Chance Bidding

During the "Last Chance Bid" period, registered bidders may place one final and last bid on any lot for which they are not the *Provisional High Bid*. If equal bids are received, first in time will be highest bid. There will be no updates on the website during last chance bidding. The objective of the last chance bid period is to allow bidders one final opportunity to place a final and best bid on any lot for which they were not the *Provisional High Bidder* at the close of the live bid period. At the close of the last chance bid, the *Provisional High Bidder* will be given the opportunity to claim the lot by exceeding the highest "last chance" bid by the minimum bid increment. If the provisional high bidder declines, the highest last chance bid will be the final winning bid.
