MyDC
ON PULSE™

Herd management **made simple.**

From the makers of DairyComp, a new generation in herd management designed for dairies like yours. With MyDC on PULSE, you can:

Access and enter cow data anytime, anywhere – on or off the farm

Easily manage health protocols and OvSynch schedules in one easy to use app

Customize your dairy reports to improve herd health and performance

"Using MyDC for our OvSynch has been really easy just because it's one less thing to write down on my arm or a piece of paper. I can just mark it [on the app] as I go and it keeps a record... We've been able to work smarter, not harder, with MyDC. It's definitely freed up more time for us, kept us more organized and made us more efficient."

– Erin and Megan, Daluge Farm Inc.

Efficient. Simple. Accessible.
That's MyDC on PULSE.
